

Describe How Your Miracle Will Feel

OBJECTIVE

Get a clear mental picture of your desired miracle in full detail.

Describe exactly what you want to experience when you have received your miracle.

FEEL IT

Explain in detail what your miracle will **FEEL** like when you have it. Feel the emotions in your heart.

Feel the elation and energy or relief until your heart starts to smile.

Then put it into words so that you can feel those same feelings every time you re-read this.

Write down every single detail about how your miracle will feel like. Write until there is not anything else that you can think of.

What will it **FEEL** like?

WHAT WILL IT **NOT** FEEL LIKE?
